Robert Erickson	EGA Networks Inc	robert@eganetwork.com	(831) 750-8297		EGA Networks, Inc. specializes in designing and implementing high-quality electrical infrastructure solutions for clients in the wireless, fiber, and electrical industries. Our approach involves building strong partnerships with our clients to gain in-depth insights into their operations. We work closely with wireless service providers, fiber broadband companies, and various project stakeholders to identify areas for improvement, develop innovative recommendations, and then execute effective solutions with our team of trained electricians and construction professionals. This collaborative process ensures that our clients receive tailored, efficient electrical infrastructure solutions that meet their specific needs and goals.
