

# Manual Change Transmittal

TITLE <b>PROJECT DEVELOPMENT PROCEDURES MANUAL</b>	APPROVED BY  JANICE BENTON, Chief	Date Issued: June 19, 2020
		Page 1 of 2
SUBJECT AREA  PDPM Format	ISSUING UNIT  DIVISION OF DESIGN	
SUPERCEDES  All Revisions Posted on the Caltrans Website Before June 30, 2020	DISTRIBUTION <b>ON-LINE</b>	

The official version of the Project Development Procedures Manual (PDPM) is the electronic version located on the California Department of Transportation (Caltrans) Division of Design Website:  
<https://dot.ca.gov/programs/design/manual-project-development-procedures-manual-pdpm>

Reformatting of the PDPM was necessary to comply with the Caltrans Web Accessibility for All (CWAA) project initiated to respond to California Assembly Bill 434, which mandates that all public web content must be compliant with the Americans with Disabilities Act. Current PDPM chapters and appendices posted on the Caltrans website are accessible as of June 30, 2020.

Included with the transition to web accessibility, individual chapters and appendices revised on or after June 30, 2020 are created with Arial font, replacing the Times New Roman font. Each chapter or appendix last revised before this date will remain in its current appearance until the next revision is needed, therefore, until all text is updated, the PDPM will include a mix of both fonts.

Some of the references found in the PDPM have hyperlinks that connect to Caltrans intranet pages which are not displayable to the general public. Until such time that the specific reference becomes available on the internet, the user will have to contact their district liaison, Caltrans project manager, or the appropriate Headquarters division to inquire about the availability of the reference.

PDPM holders are encouraged to use the most recent manual version available on-line at the above website. Should a manual holder choose to maintain a paper copy, the holder is responsible for keeping their paper copy up to date and current. If you received this manual change transmittal by some method
