Ms. Diane F. Boyer-Vine
Legislative Counsel
State Capitol, Room 3021
Sacramento, CA 95814

Mr. Daniel Alvarez
Secretary of the Senate
State Capitol, Room 3044
Sacramento, CA 95814

Mr. E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, CA 95814

Dear Ms. Boyer-Vine, Mr. Alvarez, and Mr. Wilson:

California Government Code section 16724.4 requires the lead California state agency administering any state bond measure approved after January 1, 2004, to provide an annual report to the California State Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic location, the amount of funds allocated, and the status of each project.

The California Department of Transportation (Caltrans) is the administering agency for the Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA is a \$4 billion program, which includes \$400 million allocated to Caltrans for intercity rail and \$3.6 billion to be allocated to regional agencies and transit operators for transit systems. A total of approximately \$3.9 billion has been allocated to projects that have been completed or are currently underway.

Distribution to the Legislature has been made by Caltrans pursuant to Government Code section 9795. For future updates, this report can be found at www.dot.ca.gov/reports-legislature.htm.

Sincerely,

A handwritten signature in blue ink, appearing to read "Malcolm Dougherty".

MALCOLM DOUGHERTY
Director

December 31, 2017

Mr. Michael Cohen, Director
California Department of Finance
State Capitol, Room 1145
Sacramento, CA 95814

Dear Mr. Cohen:

California Government Code section 16724.4 requires the lead California state agency administering any state bond measure approved after January 1, 2004, to provide an annual report to the California State Legislature with a list of projects funded from bond proceeds. The list is to identify the geographic location, the amount of funds allocated, and the status of each project.

The California Department of Transportation (Caltrans) is the administering agency for the Proposition 1B Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA). The PTMISEA is a \$4 billion program, which includes \$400 million allocated to Caltrans for intercity rail and \$3.6 billion to be allocated to regional agencies and transit operators for transit systems. A total of approximately \$3.9 billion has been allocated to projects that have been completed or are currently underway.

Distribution to the Legislature has been made by Caltrans pursuant to Government Code section 9795. For future updates, this report can be found at www.dot.ca.gov/reports-legislature.htm.

Sincerely,

A handwritten signature in blue ink that reads "Malcolm Dougherty".

MALCOLM DOUGHERTY
Director

Executive Summary

The Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Program was created by the passage of Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to transportation, \$4 billion was allocated for the PTMISEA Program to the California Department of Transportation (Caltrans) for intercity rail projects, and for commuter or urban rail operators, bus operators, waterborne transit operators, or other transit operators in California. The PTMISEA Program was designed to help advance the State's policy goals of providing mobility choices for all residents, reducing congestion, and protecting the environment. The \$4 billion PTMISEA Program is split into two sub programs: \$400 million to the Intercity Rail Program (IRP) and \$3.6 billion to the Mass Transportation Program.

Proposition 1B of 2006 included legislative intent language that the overall \$19.9 billion program would fund mobility, safety, and air quality improvements over the course of a decade. For the PTMISEA, approximately \$3.9 billion has been allocated to projects, with approximately \$90 million remaining unallocated.

General obligation bond law requires the administrative agency to submit a report on the status of the program to the California State Legislature no later than January 1 of each year. This requirement is found in California Government Code section 16724.4.

Background

Statutory Reference and Purpose

- California Statute: Government Code Section 16724.4

Program Background

The Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) Program was created by the passage of Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006. Of the \$19.925 billion available to transportation, \$4 billion was allocated for the PTMISEA Program to the California Department of Transportation (Caltrans) for intercity rail projects and for commuter or urban rail operators, bus operators, waterborne transit operators, or other transit operators in California. The PTMISEA Program was designed to help advance the State's policy goals of providing mobility choices for all residents, reducing congestion, and protecting the environment. The \$4 billion PTMISEA Program is split into two sub programs: \$400 million to the Intercity Rail Program (IRP) and \$3.6 billion to the Mass Transportation Program.

Proposition 1B of 2006 included legislative intent language that the overall \$19.9 billion program would fund mobility, safety, and air quality improvements over the course of a decade. For the PTMISEA, approximately \$3.9 billion has been allocated to projects, with about \$90 million remaining unallocated.

General obligation bond law requires the administrative agency to submit a report to the California State Legislature no later than January 1 each year. This requirement is found in California Government Code section 16724.4. In addition, this section states that the report shall contain:

- A list of all projects and their geographical location that have been funded or are required or authorized to receive funds
- The amount of funds allocated on each project
- The status of any project required or authorized to be funded

The required information for each project is listed below and in Attachment 2. Additional information can be found on the Proposition 1B Bond Accountability website from the Intercity Rail Improvement Program and the PTMISEA links at this address:

<https://bondaccountability-new.dot.ca.gov/>

Program Status/Program Accomplishments

Intercity Rail Improvement Program Proposition 1B Bond Fund

The Intercity Rail Improvement Program (IRI) is a \$400 million element of the \$4 billion PTMISEA Program. At the December 2007 meeting, the California Transportation Commission (Commission) approved the guidelines for IRI projects in the PTMISEA, and at its February 2008 meeting, the Commission approved the list of IRI projects to be funded. The IRI was last amended in June 2017. Specific to the IRI Program, a minimum of \$125 million from the \$400 million is designated for procurement of additional intercity passenger railcars and locomotives.

Updated through Fiscal Year 2016–17, the IRI includes 28 project allocations. A total of 14 projects are completed, 10 projects are allocated but not yet complete, and 4 projects remain unallocated. Approximately 87 percent of the total bond funding for the IRI is allocated with 2 percent (\$8 million) set aside for administration costs.

Fiscal Year End Project Status for 2016–17:

- 1. Procurement of Locomotives, Railcars, and the On-board Information System (OBIS):** Provides the State with new equipment for increased reliability, service, and ridership expansion. The OBIS provides rail passengers with real time train status information. To date, \$150 million has been allocated to three sub-projects: \$42 million was allocated in December 2011 for a base order railcar and locomotive purchase and the bond funds provide a match for federal grants; \$103 million for additional option order locomotives, and \$5 million for OBIS was allocated in December 2014. With the allocations, the initial \$42 million federal match will provide the State with 42 new railcars, 6 locomotives and the project is 15 percent complete. The Option Locomotives portion of the project is 14 percent complete. The OBIS portion is 63 percent complete. The first six locomotives have been delivered with final acceptance July 2017. The \$103 million allocation has allowed Caltrans to execute an option order for 14 additional locomotives which will be deployed into southern California to replace existing Amtrak owned equipment, and will provide the State with cleaner Tier IV locomotives.
- 2. Raymer to Bernson Double Track:** Raymer to Bernson closes a single track rail gap to provide new double track through Van Nuys for the benefit of improved operational reliability and system performance with improved running times. A total of \$6.5 million was allocated for the design phase, which is 99 percent complete. A total of \$2.68 million was added to the \$10.3 million programmed for construction and will be used along with STIP funds of \$60.8 million to complete this project.
- 3. Van Nuys North Platform:** Van Nuys North Platform allows loading of passengers from both rail tracks. The platform will enhance the Americans with Disabilities Act access, safety, and efficiency of passenger loading, and provide station access for trains from the two mainline tracks. The Design phase is complete. The \$30.5 million in construction funds were allocated in January 2016.

4. **Capitol Corridor Track, Bridge, and Signal Upgrade:** A total of \$1.3 million was allocated and is 77 percent complete. This project includes track, bridge, and signal upgrades along the Capitol Corridor Route from San Jose to Auburn for improved system reliability and system upkeep.
5. **Ventura County Sealed Corridor Grade Crossing Improvement Project:** A total of \$218,000 in Proposition 1B funds were allocated for construction, which is 99 percent complete. These funds along with \$7.2 million in Public Transportation Account funds provide enhanced grade crossing vehicle safety improvements at various street crossing locations in Ventura County.
6. **Wayside Power and Storage:** This project will install wayside power at the Auburn station and layover site. The wayside power system is needed to allow shutdown of the locomotive engines during overnight layover, saving fuel and reducing emissions. \$900,000 in IRI funds were reprogrammed from the Northern California Maintenance Facility to this project for construction. The \$900,000 was allocated in May 2016. It is six percent complete.
7. **Seacliff Siding:** Siding project on the Union Pacific Railroad Santa Barbara Subdivision in Ventura County to extend the existing siding to allow freight trains to wait for passenger trains to pass. This project improves operational reliability, increased capacity, and decreased train delays. A total of \$21.526 million was reprogrammed from the Coast Daylight Track and Signal Project to this project; \$1 million for environmental documentation and \$20.526 million for construction. The environmental component is 30 percent complete.
8. **Capitalized Maintenance:** System wide annualized maintenance on the three state-supported intercity passenger rail corridors (Capitol Corridor, Pacific Surfliner, and San Joaquin). Maintenance extends track, signal, and bridge useful life, reduces downtime due to component failure, increases operating efficiency, and schedule reliability. The un-programmed IRI balance of \$1.025 million is programed to this new project. As additional IRI savings are realized, Caltrans plans to program the savings to the Capitalized Maintenance project, up to the eight million dollar level.

New Projects Added in FY 2016-17:

9. **Left Hand Turnout Project:** This project is located at mile point 209.2 and will remove the existing left hand turnout that currently allows for track speed through the turnout at 60 miles per hour. The turnout is near the end of its useful life. It will be replaced with a turnout that will allow 90 miles per hour track speed.
10. **Sacramento to Roseville 3rd Track Phase 1 Project:** Design and right of way acquisition to support increased rail service to the city of Roseville. A total of \$2.026 million was allocated in Intercity Rail 1B bond funds for these preconstruction components. Two additional round trips per day will be added between Sacramento and Roseville when the track and facility improvements are constructed.

Project(s) Deleted in FY 2016-17:

Northern California Maintenance Facility: A total of \$18.25 million was programmed for the construction of this project. The construction funds from this project were moved to Sacramento–Roseville Third Track Project.

Completed/Closed Projects in Prior Fiscal Years:

11. **Commerce/Fullerton Triple Track Segment 6:** Constructed three miles of new 3rd main track and installed signals and switches necessary for expanded services that will be achieved with the completion of the BNSF triple track projects. This is one of eight segments of triple track on BNSF Railway's main line that when complete will provide increased schedule reliability and accommodate future increased passenger and freight demand on the corridor. A total of \$31.9 million was allocated for construction which was completed May 2013.
12. **Kings Park Track and Signal:** A total of \$3.5 million was allocated to construct high-priority track, signal, and crossing improvements on the San Joaquin Corridor in Kings County. This project is an element of various improvements needed for increased service frequencies on the San Joaquin Corridor. The project was completed in October 2012.
13. **Emeryville Station and Track Improvements:** A total of \$6.1 million allocated for station improvements that extended the station siding track, upgraded signals, installed higher-speed switches and made roadway undercrossing improvement, and general track improvements. The project improved speed and reliability for trains in and out of the station, thereby reducing dwell time and improving overall on-time performance. The project was completed in July 2012.
14. **Bahia-Benicia Crossover and Track Improvement Project:** A total of \$3.4 million was used to construct a crossover between the two mainline tracks along with replacement of track and signal elements. The project improves ride quality, reduces slow orders, and improves operational flexibility for improved dispatch of the passenger trains. These improvements were completed in March 2014.
15. **Southern California Regional Rail Authority Sealed Corridor:** This project utilized \$2.7 million for safety improvements to various highway-rail grade crossings along the LOSSAN Corridor in Southern California. The work was to enhance safety, including resurfacing and installing crossing panels, as well as installation of ethernet cabling, fiber cabling, or microwave communications, to complement the installation of positive train control elements to the corridor. This project was completed in March 2014.
16. **Wireless Network for Northern California Intercity Passenger Rail Fleet:** The project has been completed and expended \$2.9 million, resulting in a savings of \$823,000. This project installed hardware, wiring, and the equipment components

necessary to enable the equipment fleet to be Wi-Fi enabled for the benefit of the customer's travel experience. This project was completed in June 2015.

17. **Santa Margarita Bridge and Double Track:** The project is complete and utilized \$15.7 million for the construction of a double track bridge in northern San Diego County. The new bridge replaced a 100-year-old structure and provides improved safety and system reliability to the LOSSAN corridor. This project was closed out in July 2016.
18. **New Station Tracks at Los Angeles Union Station:** A total of \$20.1 million was expended for the construction of new passenger platforms for the loading and unloading of passengers at dedicated intercity passenger platforms at Union Station. This project was completed in December 2015.
19. **Raymer to Bernson Double Track:** A total of \$6.1 million was expended for the design of this double track project. This project was closed out December 2016.
20. **Van Nuys North Platform:** This pre-construction project is complete using \$3.5 million for the design of this platform. This project was closed out August 2017.
21. **Oakley to Port Chicago Double Track Segment 3:** This project is complete and used \$23 million for the construction of double track segment 3. This project was closed out August 2017.
22. **San Onofre to Pulgas Double Track Project:** A total of \$3.1 million was expended for Project Approval and Environmental Documents (PA&ED), \$1 million for Plans, Specifications, and Estimates (PS&E), and \$22.4 million for Construction (CON). The PA&ED project component was completed May 2011, PS&E in February 2015, and CON in June 2016. Project closeout for all project components was in June 2017.

The following table identifies the bond amount programmed, bond funding allocated, funding phase, and percentage of completion for the open projects.

OPEN PROJECTS

Project No.	Rail Corridor/ Service	Project Name	Bond Amount Programmed	Bond Funding Allocated	Funding Phase*	Project Status % Complete**
1	Capitol Corridor, Pacific Surfliner, San Joaquin	1.1 Procurement of Locomotives and Railcars	\$150,000,000	\$42,000,000	CON	15%

Mass Transportation Program Proposition 1B PTMISEA Bond Fund

The PTMISEA Program provides \$3.6 billion to be allocated to transit operators over a ten-year period. Guidelines for the PTMISEA Program were developed through a cooperative effort with stakeholders. Eligible transit projects include:

- Rehabilitation, safety, or modernization improvements
- Capital service enhancements or expansions
- New capital projects
- Bus rapid transit improvement
- Rolling stock procurement, rehabilitation, or replacement

To date, the PTMISEA Program has allocated \$3.55 billion to more than 1,200 projects. Attachment 2 is a list of all local transit projects that have received an allocation of funds. This list includes the project location, the amount allocated, and the status of the project reported as the percentage complete.

Conclusion

The combined IRI and PTMISEA programs have allocated a total of approximately \$3.9 billion out of the \$4 billion allotted to projects that have been completed or are currently underway. With the PTMISEA program approaching its anticipated conclusion, Caltrans intends to review the remaining unallocated funds and work with local transit agencies and intercity rail joint power authorities to identify substitute projects in circumstances where projects have been delayed and not ready to receive an allocation in 2018. In instances where substitute projects are identified, the project sponsor may continue to seek federal and/or state funds to support its original project in the future from current on-going programs, such as the STIP and the Federal Transit Administration allocations. Additionally, there are new programs to consider, such as the State of Good Repair program, created from the recently adopted Senate Bill 1, and the State's competitive Transit and Intercity Rail Capital Program, funded from the proceeds of the Cap and Trade Program and Senate Bill 1.

16724.4.

Any state bond measure approved by the voters on or after January 1, 2004, shall be subject to an annual reporting process, as follows:

(a) The head of the lead state agency administering the bond proceeds shall report to the Legislature and the Department of Finance no later than January 1, 2005, or the January 1 of the second year following the enactment of the bond measure, whichever is later, and at least once a year thereafter. The annual report shall contain all of the following:

- (1) A list of all projects and their geographical location that have been funded or are required or authorized to receive funds.
- (2) The amount of funds allocated on each project.
- (3) The status of any project required or authorized to be funded.

(b) Costs of the report may be included in the cost of administering the bond measure unless the measure specifically prohibits those expenses.

(Added by Stats. 2003, Ch. 770, Sec. 1. Effective January 1, 2004.)
