Mr. Fardad Falakfarsa, Chief  
Office of Federal Resources  
California Department of Transportation  
1120 N Street  
Sacramento, CA 95814

SUBJECT: Acknowledgement of Caltrans Letter of Intent for the December 2022 Earthquake  
Event (CA23-2)

Dear Mr. Falakfarsa:

This is to acknowledge receipt of your Letter of Intent (LOI), dated December 21, 2022, to request Emergency Relief Funds, authorized under 125 of Title 23, U.S.C., for the repair of eligible damage to Federal-aid highways resulting from the December 2022 Earthquake event beginning on December 20, 2022. The Governor's Proclamation identified the Earthquake event impacting Humboldt County. The earthquake caused damages to roads, bridges, and buildings in Humboldt County.

You should proceed with performance of emergency operations, including emergency repairs, on the Federal-aid highways necessary to restore essential traffic, to protect the remaining facilities, and to minimize the extent of damage. Also, you may proceed with preliminary engineering, meaning surveys, design, and preparation of construction plans to perform the permanent restoration work required as an associated part of the emergency operations and to use agency forces and/or negotiated equipment rental contracts, as necessary, to perform the work.

Permanent repairs completed during permanent restoration must receive Federal Highway Administration (FHWA) authorization prior to the start of work. To accelerate restoration efforts, the California Department of Transportation (Caltrans) and other Local Public Agencies are allowed to perform certain Permanent Repairs under Caltrans' Emergency Opening procedures (PR Under EO). Agencies electing to use PR under EO must provide the certification form to certify that the work is within the existing right of way and that permanent repairs are the most economical option to restore essential traffic or that a temporary detour that could safely accommodate essential traffic does not exist. These permanent repairs are subject to Right of Way and Environmental requirements but may be performed prior to the completion of normal Federal-aid procedures and documentation.

When performing PR under EO, submittal of the Detailed Damage Inspection Report/Damage Assessment Form (DDIR/DAF) is not necessary to start work. If FHWA does not concur with the use of PR under EO procedures, the costs incurred by the applicant are not eligible.

The eligibility of such work for Emergency Relief funds will be contingent upon a favorable finding of eligibility of the disaster by the FHWA and subsequent approval of the work on a DAF(s) by the FHWA. The basis for FHWA's decision will be the Emergency Relief Application which must include the Damage Survey Summary Report, Emergency Relief Application letter, and the Governor's Proclamation and/or President's Declaration.

If FHWA finds Caltrans' Emergency Relief Application to be eligible, all emergency work must be included in a program of projects under Emergency Relief disaster number CA23-2. The program of projects must be submitted within three months of FHWA's event eligibility determination. The program of projects must include a detailed outline of the necessary emergency operations performed and a description of the permanent restoration work proposed.

For site visits, please have your staff contact the corresponding FHWA Transportation Engineer to plan for visiting and reviewing the damage and assisting with DAFs. All DAFs must be completed by March 31, 2023. Sufficient record keeping must be done to permit audit of cost eligibility on a site-by-site basis.

The two-year deadline described in the Emergency Relief Manual and U.S.C. 125 (d)(1)(b) pertains to the deadline given to Caltrans for the submittal of the final program of projects eligible for Emergency Relief reimbursement under a particular disaster event. If you need additional information or assistance regarding this matter, please contact Peter Pangilinan, Emergency Relief Program Manager, at (916) 498-5886 or [Peter.Pangilinan@dot.gov](mailto:Peter.Pangilinan@dot.gov).

Sincerely,

**MATTHEW T
