Mr. Vince Mammano
Division Administrator
Federal Highway Administration, California Division
650 Capitol Mall, Suite 4-100
Sacramento, CA 95814

Dear Mr. Mammano:

Under the provisions of Section 125, Title 23 of the United States Code, this is a Letter of Intent by the California Department of Transportation to request Emergency Relief (ER) funds to assist in the cost of repairing damages on Federal-aid highways in California caused by a storm event.

Beginning on August 3, 2022 a high-intensity thunderstorm impacted Alpine County, including within the burn scar area of the 2021 Tamarack Fire. The storm caused flash flooding and debris flow in Mulberry Creek adjacent to State Route 89 resulting in extensive damage to critical infrastructure including undermining and washing out a section of roadway.

The preliminary damage estimate information is being gathered by the State and Local agencies affected. Additional information will be provided with the subsequent ER Application under Disaster CA22-8.

Under separate cover, the Office of Federal Resources will be submitting the ER Application, along with the Governor's Proclamation(s) and Damage Survey Summary Report, to provide the Division Administrator with a basis to make a finding that the disaster is eligible for ER funding.

If you or your staff have any questions, please contact Dave Changizi, Division of Maintenance at (916) 651-6132, or myself at (916) 654-3043 or by e-mail at <fardad.falakfarsa@dot.ca.gov>.

Sincerely,

A handwritten signature in black ink, appearing to read "Fardad Falakfarsa".
