

How to apply for a State Job

1. Create a CalCareer Account

Go to www.CalCareers.ca.gov

Click on Log in located on the top right corner

Select Create Account

Create an application template and upload resumes, transcripts, cover letter, certificates and degree

Follow the prompts and complete all fields

2. Take an Exam

Use the Exam/Assessment Search box to find open exams

Before you can apply for an opening, you must pass an exam for that classification

Each classification has its own exam

Take as many exams as you qualify for

You will get your exam score immediately for online exams

3. Apply for Jobs

Use the Advanced Search box to find hundreds of openings

Read the job description to find out details about specific jobs

Follow the instructions on each job posting

Some jobs require a resume, cover letter and or a statement of qualifications. Make sure to upload all documents on the Application Package tab

Select Submit My Application button when you are ready to apply

Transportation Planner Exam Code	3422
Associate Transportation Planner Exam Code	2895

EEO

Caltrans is an Equal Employment Opportunity employer. Caltrans uses merit and excellence of qualifications as the basic principles guiding the Department's Equal Employment Opportunity (EEO) efforts in regard to employee recruitment, hiring, retention, training, transfers, promotions and related public and private sector business activities.

The Department strives to maintain a diverse workforce. To provide EEO to all applicants, employees, clients, and customers, without regard to race, sex, color, religion, national or ethnic origin, age, political affiliation, ancestry, marital status, sexual orientation, disability or medical condition, the Department has a "Zero Tolerance" policy for discrimination or harassment.

Retaliation against Department employees, applicants, vendors, contractors, special service employees, or an employee of another state department or agency who engages in any good faith EEO action constitutes a violation of this policy.

We want planners like you!

Planning Career Ladder

- Transportation Planner
- Associate Transportation Planner
- Senior Transportation Planner
- Supervising Transportation Planner
- Principal Transportation Planner

What does a Transportation Planner do?

- Work in a professional team environment
- Identify and develop answers and solutions to complex transportation issues and problems
- Perform transportation studies for the development of different modes of transportation
- Develop and administer consultant contracts, administer grant programs or participate as a departmental representative for planning issues at meetings
- Work with cities, counties, and private contractors to develop improvements or actions that help achieve compatibility between land development and the transportation system
- May be involved in preparing a complex corridor study between two cities, a funding plan for a light rail public transportation project, or setting up a public meeting to discuss proposed transportation improvements
- Develop or analyze legislation related to transportation. Run computer models which analyze the results of different transportation improvement options
- Involved in writing a statewide transportation plan
